In this booklet, you'll find out about the wide range of opportunities within health [informatics](#) ^[2] in the NHS. One of the key ways to provide better healthcare is through the intelligent collection, management, use and sharing of information – otherwise known as health [informatics](#) ^[2].

If you love working with information technology, enjoy library work, are good at analysing data or find satisfaction in keeping accurate records, then there could be a job for you. All members of the NHS team, including healthcare professionals, managers and administrators, rely on fast, accurate information to deliver the best care they can. Using IT creatively to achieve this means health [informatics](#) ^[2] is one of the bedrocks of the NHS.
