

# Training and development (director of public health)

Director of public health in conversation

Directors of public health must pursue a programme of continuing professional development in accordance with requirements of the Faculty of Public Health or other recognised bodies.

They must also undertake a process of revalidation required to stay on the [GMC](#) <sup>[1]</sup> or [GDC Specialist Register](#) <sup>[2]</sup>, the [UKPHR](#) <sup>[3]</sup>, or another specialist register as appropriate.
