

Presentation on school nursing as a career

Categories: Nursing, Public health

Type: Resources for schools

Download (school_nursing_pp.ppt - 826.5 KB) [1]

Learning more about school nursing may surprise you. It has changed a lot - and it's still changing.

This presentation introduces people to school nursing as a career option. It was developed as part of a toolkit for school nurses to promote their role and also includes a poster and real-life stories.
