

# 'A patient journey' - a toolkit for teachers

Developed by Health Education England in the North East, 'A patient journey' is a toolkit that can be used across the curriculum at key stages three and four.

By exploring the range of NHS roles that help patients in their care, the easy-to-use toolkit provides teachers with everything they need to deliver informative lessons with confidence.

*"The really great thing is that it is seamless. I can use it as it is with very little preparation time. This is a real positive so 'take it and run with it!'"*

Lecturer in a further education college

Accompanying the resources are 18 films, each exploring a different role in health. You can find all the films on this exclusive [YouTube playlist](#) <sup>[1]</sup> below.

## Resources available

The toolkit has a range of resources that can be edited and expanded to meet your needs and promote careers in the NHS. Toolkit resources include:

- [user guide](#) [2]
- [Powerpoint presentation](#) [3]
- [guide on using the presentation](#) [4]
- [student worksheets](#) [5]
- [teacher worksheets](#) [6]
- [range of films](#) [1] (link to YouTube playlist)
- [infographics \(Danny's story](#) [7], [Edith's story](#) [8], [Harry's story](#) [9], [Carly and James'](#) [10], and [Corporal Jed James'](#) [11] story)

We recommend starting with the [user guide](#) [2] to help get an understanding of how the resources can be used in a learning environment.

## We want your feedback

Health Careers is keen to develop, review and expand the materials available for teachers. If you develop innovative ways to use the materials, we would be grateful if you could send examples to [advice@healthcareers.nhs.uk](mailto:advice@healthcareers.nhs.uk) [12].

## Further teaching resources

- ['Real-life, Your life' teaching resources for key stage four](#) [13]
- [Step into the NHS schools competition for years 8 and 9](#) [14]
