

Applications open for 2018 NHS Graduate Management Training Scheme

Graduates looking for a management career [1] in the NHS have until 1 December to apply for the next intake of the NHS Graduate Management Training Scheme.

Your degree or equivalent qualifications don't need to be in a health subject and you'll need to choose from one of the below areas [2] when you apply:

- finance
- general management
- health analysis
- health informatics [3]
- human resources
- policy and strategy

Make sure you apply by 1 December 2017.

Interviews for the scheme take place in January and February 2018 in London, Leeds and Nottingham. If you're successful at interview, you'll be invited to attend an assessment centre in March 2018.

Training on the scheme takes two years for all strands apart from finance, which takes two and a half years.
