

New career pathway diagrams for doctors

The Health Careers team, in collaboration with the Royal College of Physicians, has developed a set of user-friendly career pathway diagrams for people interested in a career as a doctor.

Located on the training and development page for the different specialities in our [Explore roles section](#) [1], the pathways highlight the length and parts of each stage of training, including what's involved in each one and key exams.

The pathways highlight the length and parts of each stage of training.

If you are considering [becoming a doctor](#) [2], [returning to practice](#) [3], [changing specialty](#) [4] or a [doctor from outside the UK](#) [5], click on the links below to see the individual pathway diagrams:

- [cardiology](#) [6]

- [dermatology](#) [7]
- [endocrinology and diabetes](#) [8]
- [gastroenterology](#) [9]
- [general internal medicine](#) [10]
- [geriatric medicine](#) [11]
- [neurology](#) [12]
- [renal medicine](#) [13]
- [respiratory medicine](#) [14]
- [rheumatology](#) [15]
