Roles in NHS management
If you like the idea of a career in management, working in the NHS offers unrivalled opportunity and variety. You can reach the very top of the NHS career pathway.

- **Clinical manager**
  
  You'll lead multidisciplinary team of healthcare professionals to deliver high-quality patient care.

- **Estates manager**
  
  You'll be responsible for the making sure that our buildings are running so care can be delivered safely and effectively.

- **Finance management**
  
  You’ll be responsible for our money and budgets, making sure it is allocated and spent appropriately for the good our staff and patients.

- **General management**
  
  You could be responsible for a service, a department or a multi-million pound budget in a hospital trust, primary care or mental health setting.

- **Human resources (HR) management**
  
  You'll be responsible for our people, including recruitment, staff development and training.

- **Operational management**
  
  You'll make sure our frontline staff have what they need to deliver effective patient care through the planning and delivery of services.

- **Practice manager**
You'll manage the business of a GP surgery, making sure that patients are at the heart of everything it does

- **Project manager**

  You'll design, develop and deliver different types of change projects and programmes, such as new products and services and digital technology
