

Roles in midwifery

Midwives are one of the roles who prepare women for the delivery of new life and during all stages of pregnancy, labour and the early postnatal period.

Explore all the roles using the panels below.

- Midwife

You'll provide care and support to women and their families while pregnant, throughout labour and during the period after a baby's birth

[1]
- Maternity support worker

You're the frontline of a family's journey through pregnancy, childbirth and the first few days of birth

[2]
- Neonatal nurse

You'll care for newborn babies who are born premature or sick. A newborn baby can suffer from a range of conditions requiring treatment.

[3]
- Health visitor

You'll be a nurse or midwife who's passionate about promoting healthy lifestyles and preventing illness in families

[4]
- Newborn hearing screener

You'll help and support families with vital information about their babies' hearing.
