

Step into the NHS competition for key stage 2

The Step into the NHS teaching resources and primary schools' competition are designed to open pupils' eyes and minds to the wide range of career opportunities in the NHS and help challenge gender stereotyping.

The resources have strong links to the Department for Education's careers strategy and can be used as part of the key stage 2 curriculum.

What's it all about?

It's never too early to get children thinking about their career and these exciting resources and competition allow teachers to take their students on a progressive learning journey.

The resources raise pupils' aspirations and challenge gender stereotyping by helping them learn about themselves and explore the wide range of careers available in the NHS.

After working through the resources, pupils in years 3 - 6 are encouraged to create a piece of artwork or creative writing celebrating the NHS and have the chance to win a £25 or £50 Amazon voucher and a prize for their school.

Video introducing the competition

Our video tells you all about it.

To download the resources and get started on the competition entries, please visit the Step into the NHS website ^[1]. The competition for the 2021-22 year is now open with updated resources.

We look forward to receiving your entries before 30 April 2022!

Everything you need to open the students' minds to different jobs and challenge stereotyping.

So how about previous winners...

You can see the winners of the 2020/21 competition here ^[2]. Make sure you don't miss out on updates by registering ^[3] with us and signing up to news bulletins.
