

# Step into the NHS competition for Key stage 2

The Step into the NHS teaching resources are designed to raise students' aspirations and understanding of the careers in the NHS.

The resources help students learn about themselves by encouraging them to explore the wide range of careers available in the NHS.

Everything you need to open the students' minds to different jobs and challenge stereotyping.

## What's it all about?

It's never too early to get children thinking about their career and these exciting new resources and competition allow teachers to take their students on a progressive learning journey.

After working through the resources, students are encouraged to create a piece of artwork celebrating the NHS and have the chance to win a £20 or £50 Amazon voucher. All entries have to be submitted by 1 May 2020.

## How to get involved
