Are you interested in finding out more about becoming a healthcare support worker?

There are more than 30 support worker roles you can choose from including mental health, primary care [2], maternity and children's services and each one makes a big difference to patients.

Join us on 26 April when we'll be chatting to healthcare support workers in different roles to find out more about their career journeys so far and what they do day to day.

They'll also answer your questions live!
