

# Estates technician

NHS estates technicians maintain and repair systems that our patients and staff rely on.

## Working life

As an estates technician, you'll be maintaining and repairing a range of equipment including

- medical gas pipelines
- heating systems
- lifts
- refrigeration systems
- hot and cold water supplies
- washers, steamers and disinfectors
- fire and other alarms

You'll

- diagnose faults
- repair equipment
- do routine, planned maintenance
- install new equipment

Some technicians specialise in one aspect such as electrical or mechanical work, others are multi-skilled.

## Louise English

**Senior property manager**

The best bit is feeling that I contribute in some small way to delivering successful healthcare services to patients in our communities. I really enjoy my

job; each day presents a new challenge and there is a lot of variety in the role.

[Read Louise's story](#) <sup>[1]</sup>

---

## Who will I work with?

You may work alongside other [estates services](#) <sup>[2]</sup> staff such as [plumbers](#) <sup>[3]</sup> and [electricians](#) <sup>[4]</sup>. You will also work with estates managers. You may travel between sites in an NHS vehicle or your own van.

While estates technicians are working inside a building, staff and patients may be there, but technicians do not usually have direct contact with healthcare staff or patients.

Apprenticeships logo

## Entry requirements

Although there are no set entry requirements, estate technicians have qualifications, usually at level 3 or higher. Employers expect them to be qualified and experienced in at least one technical area such as

- electrical engineering
- mechanical engineering
- plumbing
- heating, ventilation and air conditioning

Although estates technicians often join the NHS fully qualified and experienced, it may be possible to train as a technician. Employers ask for at least three GCSEs (or equivalent) including English maths and science.

Employers may ask for a driving licence.

Some estates technicians specialise in one aspect such as electrical or mechanical work, others are multi-skilled.

## Skills needed

Estates technicians need to

- be interested in how things work
- stay calm under pressure
- work to deadlines
- work at heights or confined spaces, if necessary
- work alone or in a team
- Skills Required
- problem-solving skills
- practical skills

- good manual (hand) skills
- organisational skills

## Training and development

When you start as a trainee estates technician, your training will include

- health and safety
- how to use the tools and equipment
- maintenance and repairs
- technical skills

You will be expected to study for qualifications such as NVQs.

Estates technicians can become members of the Chartered Institute of Building Services Engineers <sup>[5]</sup> (CIBSE).

### • Pay and conditions

Estates staff working in the NHS are paid on the Agenda for Change (AfC) <sup>[6]</sup> pay system. As an estates technician, you could start on AfC <sup>[7]</sup> band 3 or 4. With further training and experience, you could apply for more senior positions at bands 5 and above.

Estates technicians work standard hours of around 37.5 a week. The job may involve shifts including early starts, evenings and weekends. They may be part of an on-call rota for emergency cover.

Terms and conditions will usually be different for bricklayers working outside of the NHS.

### • Where the role can lead

Once fully qualified and with experience, an estates technician can become a team leader, supervising the work of others. With further experience you could progress to become an estates manager <sup>[8]</sup>, responsible for services in a hospital, area or trust.

Estates technicians may be able to move into engineer <sup>[9]</sup> roles.

There may be opportunities outside the NHS.

### • Job market and vacancies

If you're applying for a role either directly in the NHS or in an organisation that provides NHS services, you'll be asked to show how you think the NHS values apply in your everyday work. [Find out more about NHS values.](#) <sup>[10]</sup>

Most NHS trusts advertise their vacancies on [NHS Jobs](#) <sup>[11]</sup>. Some of the current vacancies are below.
