

Finding and building a career in the health sector

Alan Simmons

Careers Specialist, Health Careers

Developing people

for health and

healthcare

www.hee.nhs.uk

A whistle stop tour of...

- ❑ Roles in the health sector
- ❑ Undergraduate and graduate opportunities
- ❑ The changing health care landscape
- ❑ Recruitment into employment and onto university programmes with NHS clinical placements
- ❑ Pay
- ❑ Evolving roles and treatment, and current workforce plans
- ❑ Labour market information sources
- ❑ Resources available from Health Careers, including new website
- ❑ NHS Jobs website

Workforce size comparisons

Microsoft 89,400

LLOYDS
BANKING
GROUP  88,977

BT  99,000

TESCO 530,000
Every little helps

 **ARMY** 81,700

NHS 1,400,000

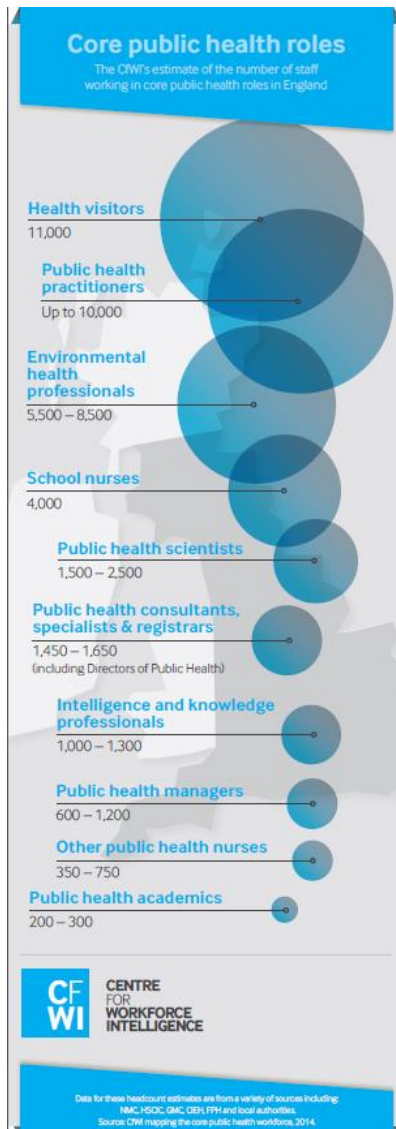

Roles in the health sector

**IT'S NOT JUST
DOCTORS, NURSES &
MIDWIVES!**

Staff in the NHS 2015 (approximately!)

Public health ‘core’ and ‘wider’ workforce

- ❑ Around 40,000 staff in England, work in ‘core’ public health roles above level 5 of the Public Health Skills and Knowledge Framework
- ❑ Additionally estimated there are around 4,000 health trainers (below level 5 of PHSKF)
- ❑ Estimated 15-20 million people in over 170 occupations work in the ‘wider’ public health workforce.

Undergraduate and graduate opportunities (brief and in general terms!)

Opportunities at university

- ❑ Dental hygiene*
- ❑ Dental technology
- ❑ Dental therapy*
- ❑ Dietetics*
- ❑ Dentistry**
- ❑ Environmental health
- ❑ Healthcare science (audiology)
- ❑ Healthcare science (blood sciences, cellular sciences, infection sciences)
- ❑ Healthcare science (cardiac physiology)
- ❑ Healthcare science (clinical engineering)
- ❑ Healthcare science (genetics science)
- ❑ Healthcare science (medical physics)
- ❑ Healthcare science (neurophysiology science)
- ❑ Healthcare science (respiratory & sleep sciences)
- ❑ Medicine**
- ❑ Midwifery*
- ❑ Nursing*
- ❑ Occupational therapy*
- ❑ Orthoptics*
- ❑ Operating department practice*
- ❑ Paramedic science
- ❑ Pharmacy
- ❑ Physiotherapy*
- ❑ Podiatry/chiroprody*
- ❑ Prosthetics and orthotics*
- ❑ Radiography* – therapeutic & diagnostic
- ❑ Speech & language therapy*

IMPORTANT!
Major changes to financial support proposed from Sept 2017!

Current financial support for eligible students

*Tuition fees paid in full, £1000 grant and means-tested bursary payable

**NHS support from part way through course

More information: NHS Student Bursaries website:

www.nhsbsa.nhs.uk/students

Opportunities for graduates – clinical

- ❑ **Scientist Training Programme (STP) (8,000+ applicants for c240 places)**
- ❑ **Trainee biomedical scientists (few posts now, STP and PTP main routes into pathology)**
- ❑ **Arts therapists (music, drama & art therapy)**
- ❑ **Psychologists – (clinical, counselling, forensic, health areas), psychological wellbeing practitioners**
- ❑ **Accelerated/shortened (by way of APEL) programmes for graduates:**
 - ❑ **Dentistry****
 - ❑ **Dietetics***
 - ❑ **Environmental health**
 - ❑ **Medicine****
 - ❑ **Nursing***
 - ❑ **Occupational therapy***
 - ❑ **Physiotherapy***
 - ❑ **Radiography* (therapeutic and diagnostic)**
 - ❑ **Speech & language therapy***

Current financial support for eligible students

*Tuition fees paid in full, £1000 grant and means-tested bursary payable

**NHS support from part way through course

More information: NHS Student Bursaries website:
www.nhsbsa.nhs.uk/students

IMPORTANT!
 Major changes to financial support proposed from Sept 2017!

Opportunities for graduates - non-clinical

- ❑ **Graduate Management Training Scheme (any degree discipline). Four streams:**
 - ❑ **Financial management** (2463 applications for 25 places)
 - ❑ **General management** (5209 applications for 52 places)
 - ❑ **Human resource management** (2836 applications for 10 places)
 - ❑ **Informatics management** (1156 applications for 16 places)
- ❑ **Graduate Surveyor Trainee Programme (need RICS-Accredited degree)**
 - ❑ **NHS Property Services (8 places in 2013)**
- ❑ **Other “non-scheme” opportunities e.g.:**
 - ❑ **Health informatics (e.g. librarians, statisticians)**
 - ❑ **Operational management**
 - ❑ **Engineering etc.**

Applications
for GMTS
starting Sept
2015

Estimate
100-150
trainees
will be
taken on
in 2016

...but don't forget the many
opportunities for “non-
university trained” staff too!

- ❑ Approximately 50% of NHS staff do not hold a degree or professional/clinical qualification
- ❑ Career framework (developed by Skills for Health)
- ❑ ‘The Talent for Care’ initiative (*Get In, Get On, Go Further*)
- ❑ Increase in number of part-time pre-registration programmes
- ❑ Apprenticeships and traineeships. NHS to create 100,000 apprenticeships across the country by 2020 in a range of areas within the NHS, including:
 - nursing and healthcare assistants
 - IT, estates and facilities
 - domestic and housekeeping services
 - business administration and accounting

Apprenticeship vacancies* in the NHS in the last 6 months (examples)

Endoscopy apprentice	Great Yarmouth	Warehouse/engineering apprentice	Scunthorpe
Apprentice nursing assistant	Liverpool	Health care support worker apprentice	Portsmouth
Apprentice IT Service assistant	Hull	Apprentice porter	Stoke on Trent
Simulation, clinical skills and resuscitation apprentice	Truro	Community Mental Health Team administrative apprentice	Manchester
Apprentice healthcare assistants & phlebotomists	Huddersfield	Apprentice maternity support worker	Wirral
Apprentice buyer	Exeter	Early years apprentice	Epsom
Patient Transport Service apprentice	Birmingham	Apprentice fleet mechanic	Stafford
Apprentice clinical support worker	Leeds	Business admin apprentice	Maidstone
Healthcare apprentice	Sheffield	Apprentice dispensary support worker	Norfolk

*As advertised on NHS Jobs (www.jobs.nhs.uk)

Candidates should also search on the National Apprenticeships website:

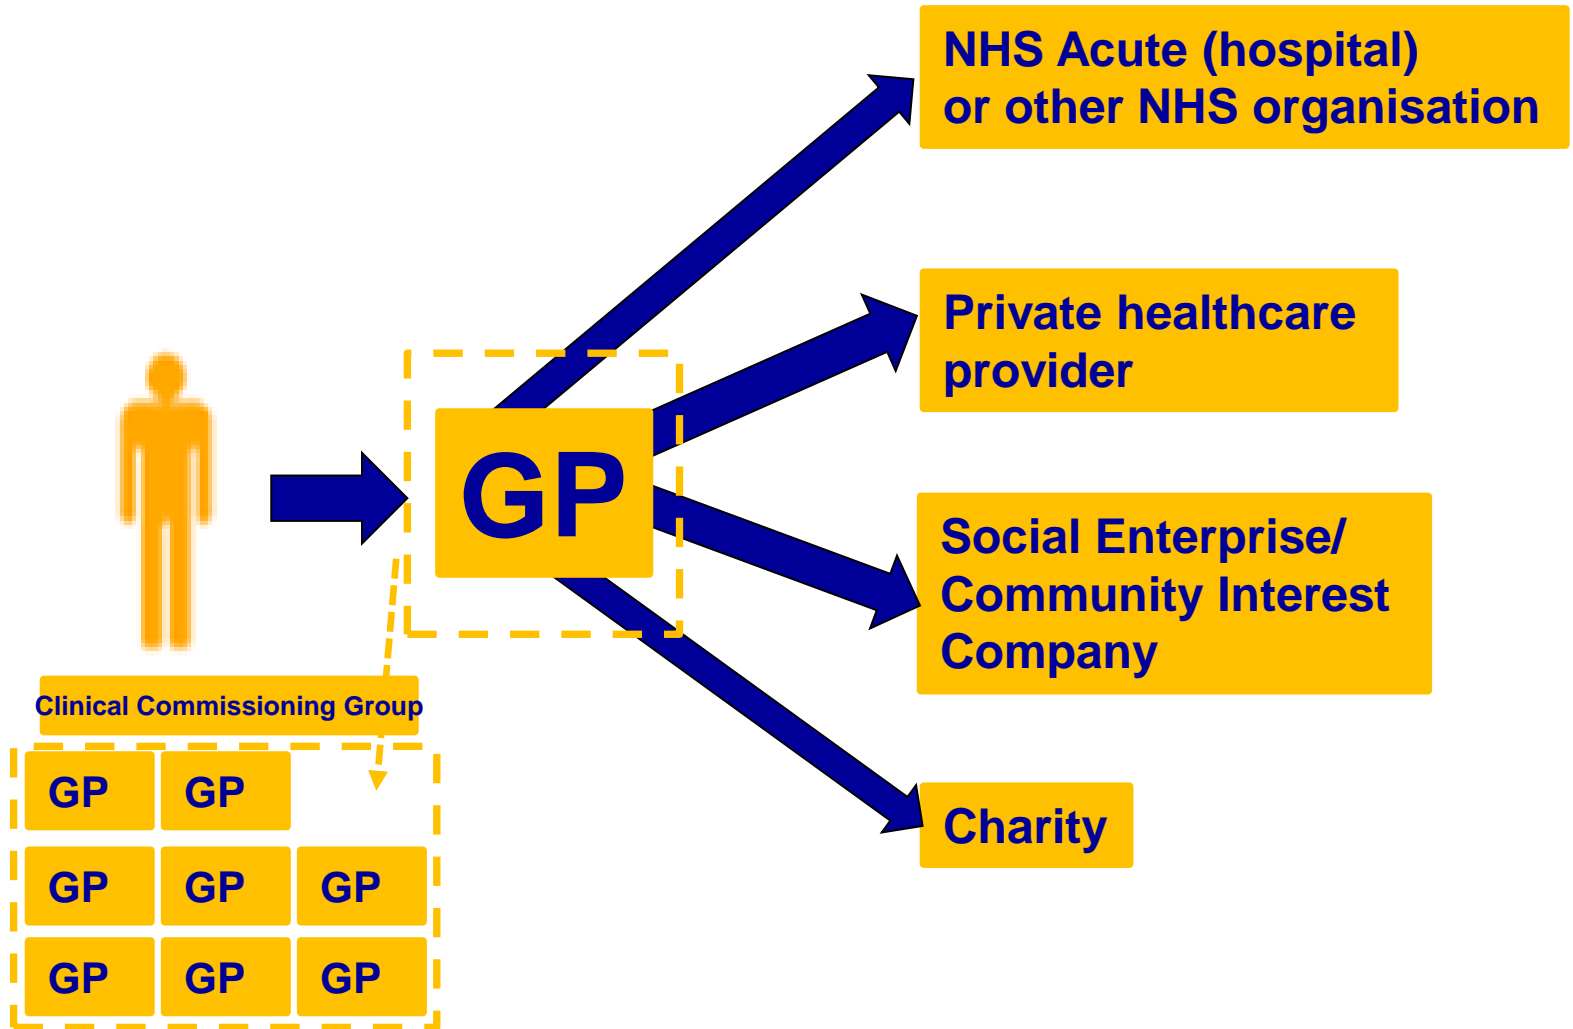

www.gov.uk/further-education-skills/apprenticeships

The changing health care landscape

What's your vision of
healthcare?

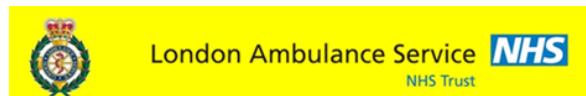

But around 70% of
healthcare is
delivered outside of
hospitals!

Since Health & Social Care Act 2012...

Who provides NHS healthcare in England?

Examples – NHS organisations

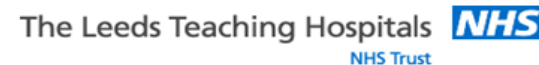

Ambulance service trusts responding to emergency 999 calls and non-emergency patient transport service

Mental health or partnership trusts. May also provide learning disabilities services.

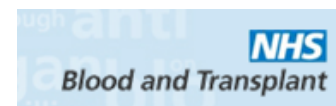

'CCGs' commission healthcare services for its population

Acute/hospital trusts providing general medical and emergency services to the local population. 'University' trusts are usually major teaching and research centres.

Community trusts providing a broad range of community-based services, e.g. district nursing, school nursing, adult social care, community hospitals.

NHS organisations with a **national remit**

Who provides NHS healthcare in England?

Examples Other providers

Charity sector

Charities commissioned by the NHS to provide support through the Improving Access to Psychological Therapies (IAPT) initiative

Partnerships between the NHS and other providers

Partnership between 2 NHS Foundation Trusts (Guy's and St Thomas' and King's College) and service company Serco.

City Health Care Partnership CIC
a co-owned business

Community health and integrated social care services in Hull, The East Riding of Yorkshire and Knowsley

Community interest companies and social enterprises delivering community-based services

Care & support for adults in the Swindon area

Delivers community healthcare and adult social services previously provided by Bath & North East Somerset NHS Primary Care Trust and the local Council

Runs all local mental health and associated services in North East Lincolnshire

HCA Hospitals
World-Class Healthcare

(The Hospital Corporation of America)

Independent healthcare providers

Hospital facilities provided to NHS patients through 'Choose and Book' service for certain types of surgery

Who provides public health services? Examples

Higher education

Local government

NHS

Armed forces

National government

Third sector

Recruitment into employment and onto university programmes with NHS clinical placements

Be aware of...

- ❑ Camilla Cavendish review → Care Certificate for new care assistants and healthcare assistants in the NHS and other health settings (e.g. private care homes) since April 2015
- ❑ Robert Francis enquiry → NHS Constitution/NHS values and behaviours and values-based recruitment

Will you fit in?

If you apply for a job or apprenticeship vacancy with the NHS, or a place on a university course with NHS-funded clinical placements, you'll need to show how you think the values of the **NHS Constitution** apply in your everyday work:

WORKING
TOGETHER
FOR PATIENTS

RESPECT
AND DIGNITY

EVERYONE
COUNTS

COMMITMENT
TO QUALITY
OF CARE

COMPASSION

IMPROVING
LIVES

More info on the
Health Careers
website

NHS student support – proposed changes from September 2017

Current support for students on NHS-approved pre-registration courses

Tuition fees paid, non means-tested grant and means-tested bursary available

- ❑ Nursing
- ❑ Midwifery
- ❑ **Physiotherapy**
- ❑ Radiography
- ❑ **Dietetics**
- ❑ Dental hygiene
- ❑ **Dental therapy**
- ❑ **Occupational therapy**
- ❑ Speech & language therapy
- ❑ **Orthoptics**
- ❑ Prosthetics/Orthotics
- ❑ **podiatry**
- ❑ Operating department practice
- ❑ **(Medicine & dentistry)**

Proposal:

Current funding system will be replaced by student loans for courses starting after August 2017.

Situation currently unknown for those starting graduate-entry courses

More info? - Council of Deans of Health and NHS Business Services Authority websites

Pay

Pay

Three pay systems for staff on NHS terms and conditions

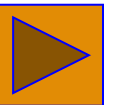

- ❑ Agenda for change (rates from 1-4-15)
 - ❖ Covers the vast majority of staff in the NHS
 - ❖ Has 9 “bands” (levels), ranging from band 1 (£15,100 to £15,363 p.a.) to band 9 (£77,850 to £98,453 p.a.)
 - ❖ Example: starting salary for newly qualified nurse or physiotherapist is bottom of band 5 (£21,692 pa)
 - ❖ NB London allowances (up to 20%) payable on top of these figures
- ❑ Doctors and dentists – separate pay system
- ❑ Very senior managers – separate pay system

Staff in public health roles could be on:

- ❖ NHS terms and conditions
- ❖ Local government terms and conditions
- ❖ Other terms and conditions

Evolving roles and treatment, and current workforce plans

Five Year Forward View (NHS England)

Examples of emerging models (vanguards)...

- ❑ **Kent** - 20 GPs + 150 staff operate from 3 modern sites providing many of the tests, investigations, minor injuries and minor surgery usually provided in hospital.
- ❑ **Airedale** - nursing and residential homes linked by secure video to hospital allowing consultations with nurses and consultants both in and out of normal hours - for everything from cuts and bumps to diabetes management to the onset of confusion. Emergency admissions have reduced by 35% and A&E attendances by 53%. Residents rate service highly.
- ❑ **Cornwall** - trained volunteers and health and social care professionals work side-by-side to support patients with long term conditions to meet their own health and life goals.
- ❑ **London** - integrated care pioneers that combine NHS, GP and social care services have improved services for patients, with fewer people moving permanently into nursing care homes.

New and evolving roles and treatment

- ❑ Physicians associate
- ❑ Shape of Caring review (major review of nursing education and training) – implications include:
 - Nursing associates – (sits between lower band health & care assistants and degree-trained nurses) - consultation currently underway. Up to 1000 could be trained from 2016.
 - Possibility of a new role of 0-19 child health worker rather than children's nurse, mental health nurse, health visitor etc.
- ❑ Shift from acute (hospital) to community-based care
- ❑ Proton beam therapy (from 2018)
- ❑ Increase in work around genomics (e.g. 100,000 Human Genome Project, genomic awareness), genomic counselling
- ❑ Dementia awareness

Increase in training commissions 2016/17

- ❑ Paramedics
- ❑ Physician associates
- ❑ Adult nurses
- ❑ Mental health nurses
- ❑ Diagnostic radiographers
- ❑ Orthoptists
- ❑ Scientist Training Programme (STP)
- ❑ Dental hygienists

- ❑ Doctors specialising in:
 - Emergency medicine
 - Dermatology
 - Paediatric & perinatal pathology
 - Vascular surgery
 - Old age psychiatry
 - Clinical radiology
 - General practice

Clinical psychologist

Clinical psychologists treat people whose thought patterns and behaviour are a threat to their own and others' wellbeing. They diagnose, assess and provide treatment for people with a wide range of conditions such as depression, eating disorders and addiction.

Training and qualifications required

You'll need an honours degree in psychology to become a member of the Graduate Member of the British Psychological Society which allows you to apply for post graduate courses in clinical psychology.

Expected working hours and salary range

Most jobs in the NHS are covered

Child and adolescent psychiatry

Child and adolescent psychiatry (CAP) is a speciality where doctors work with children, young people up to the age of 18 and their families. They treat a range of mental health problems and conditions, including autistic spectrum disorders, depression, anxiety, substance misuse and eating disorders.

Training and qualifications required

You'll need to follow a set pattern of training as follows: 5 years first degree in medicine, MBBS. 2 years foundation doctor training, 3 years core training (CT1-3), followed by 3 years specialists training (ST4-6) leading to Fellowship of the Royal College of Psychiatrists (FRCP). NB length of training can vary according to your circumstances.

Expected working hours and salary range

Working hours should not exceed

Psychotherapist

Psychotherapists help people to overcome stress, emotional and relationship problems or troublesome habits.

Training and qualifications required

You'll need to undertake appropriate recognised training which will need a good class of honours degree in a relevant subject. You may also need to be a qualified and experienced healthcare practitioner, such as a psychiatrist or mental health nurse. Training usually takes four years, combining study with clinical training. Clinical training includes treating individual patients under supervision.

Expected working hours and salary range

Most jobs in the NHS are covered

Select up to 3 roles from the drop down list

Health Careers website - course finder

The screenshot shows the Health Careers website's course finder interface. The top navigation bar includes 'Home', 'About', 'Explore roles', 'Career planning', and 'I am...'. A search bar is located in the top right corner. The main content area features a 'Looking for a course' section with filters for 'At secondary' and 'From outside the UK'. A large dropdown menu is open, listing various health professions such as Nursing (Children/ Paediatric), Occupational Therapy, and Speech and Language Therapy. Below the dropdown, there are filter sections for 'Provider Name' and 'Region', both set to '- Any -'. An 'Apply' button is visible at the bottom right of the filter section. A callout box with an arrow points to the dropdown menu, containing the text: 'Use drop down options in filters to search for courses'.

Health Careers course finder results page

The screenshot shows the Health Careers course finder results page. The page has a blue header with the Health Careers logo and navigation links. Below the header is a search bar and a filter menu. The main content area displays a list of courses. Three callout boxes point to specific course entries: 'MMedSci Clinical Communication Studies', 'BMedSci (Hons) Speech Science', and 'MSc Speech and Language Sciences'. Another callout box points to the 'Direct link to HEI website' for the first course. A large callout box on the right explains that the page lists 16 undergraduate courses leading to registration as a SLT with the Health and Care Professions Council (25 including postgraduate).

NHS Jobs website – vacancy results & filtering

The screenshot shows the NHS Jobs website interface. At the top, there are navigation links for 'News' and 'Advice', and the NHS logo. Below this is a search bar with 'Search Jobs' and 'Browse Jobs' buttons, and 'Register' and 'Log in' buttons. The main content area shows search results for 'physiological' with a 'Refine search' link. The results are filtered to show 56 jobs found. The left sidebar contains filters for 'Distance' (set to 'This area + 10 miles'), 'Salary range' (with various brackets and counts), 'Staff group' (with various categories and counts), and 'ATC pay band' (set to 'Band 1'). The main content area displays three job listings: 'Heart Failure Specialist Nurse/ Physiology Technician', 'Senior Respiratory Physiologist', and 'Senior Clinical Physiologist (ECG) - Bank'. Each listing includes the job title, location, description, salary, closing date, staff group, and job type.
