3,720

learning disability nurses work in the NHS. ^[3]

What they say

"The focus is not on 'making people better'. It's about enabling each person to reach their full potential, increase their independence and enjoy an improved quality of life." Sarah Trute, community behaviour specialist ^[4]

94% of nursing students get a job within six months of finishing their course ^[5]

Length of training

Training usually takes **three years**. However, if you already have a degree in a relevant subject, you can often get recognition for this, enabling you to do the course in **two years** ^[2]

Standard working week in the NHS is **37.5 hours** ^[6]

81.6% of learning disability nurses in community settings are female, whereas in other settings, it's **73%** ^[7]

27 universities across the UK run degree courses in learning disability nursing. ^[6]

One university runs a dual-field course where you can combine learning disability nursing with child nursing. ^[6]

Skills and qualities needed

Patience, self-awareness and highly-developed, flexible communication skills are essential. You'll sometimes need to be assertive to ensure people with a learning disability do not suffer discrimination. Sensitive human interaction is also a core skill ^[8]
